About Venue:

Bangkok, Thailand's capital and city that never sleeps, is a trendy mash-up of diverse cultures and religions. Temples and monasteries coexist peacefully here close to towering skyscrapers. Street bazaars and floating markets compete with luxury shopping malls and purchase centers. Thailand is the 12th largest country in Asia, with a total size of over 198,000 square miles and a population of 67.9 million. The majority of foreign visitors to the country travel to Bangkok, one of the world's top tourist destinations. Thailand experiences both the summer and winter monsoons due to its location between substantial areas of land and water. The typical temperature in Thailand ranges from 18 to 38 degrees Celsius. In Thailand, cancer is the top cause of death, and mortality is rising. Therefore, it would be essential to adhere to and share any future study into the treatment of cancer field in order to recommend advancements. [\(click here for more\)](#)

This is a beautiful experience to speak about my work on sarcopenia in patients with COVID19-related pneumonia. I am very proud to be here.

Asma Nassar Arabi
KSA

It was really my honour to be as a speaker and moderator in such conference in the third International Conference in Healthcare and Nutrition. The organisation of the conference was a pretty good and the passage of flow of the conference was very smooth. I believe this is a great conference, great speaker, great content and the conference gives us an excellent opportunity for networking with different people all around the world. I encourage everyone to participate in such conference and I hope to be a part of it in the upcoming event.

Somika Agarwal
India

I attended this conference Global Healthcare and nutrition 2023 in Dubai which was organised by scientex conference. I must say this was a very exhilarating experience and it was very easy and convenient to co-ordinate with them. I sent my thesis paper for this conference and they selected the abstract and the whole process was very easy I did not face any difficulty and even after coming here I can see the conference is very well organised everything is tabulated everything is pre decided and my presentation also went really well. We had speakers from various places in the world and very enlightening presentations were made by a lot of people...

Nesrin Abu Baker
Jordan

It was really a great experience and I had the chance to meet different colleagues from different countries all around the world. Also, the organisation of this conference was actually great. I just enjoyed their being here at this conference and enjoyed it being here in Dubai and I would like to repeat this experience again and again. I was glad and thank you for all the organisers and for all the presenters it was a very nice event...

Wolfgang M Hipp
Germany

It was great advantages of conference diversity of participants sharing their very special views on various aspects of healthcare therefore it is always inspiring to see total different ideas for challenging issues and the open mindedness and the freedom to speak the way they experience in their real life is always great that everybody should have from time to time.

Ahmad Muhammed Odeh
KSA

In fact, I want to say something about this conference just before the conference, I passed by a very difficult situation at the border where the visa was ended. I bought to a new one. I spend about 12 hours on the border to choose another new one but in fact the conference deserves more than this. It was a very great conference and very great people and it was very informative and I am glad to share such conference.

Nithish Sattoju
India

This is to extend my positive feedback on my visit with my peer as key speakers at the conference. The management and the kind of researchers attended the conference gave an active experience. I could definitely say that the conference was useful to explore the research happening across the world and to gain contacts from the researchers and build the research circle. The purpose of my visit to the conference was served completely and met all the expectations. The photo session and the accommodation facilities were also great.

Samantha Strelzer
USA

Thank you kindly for sending and for your kind words. I hope to have a manuscript to present next year in Thailand. The webinar proceeded wonderfully and was clear as an audience member. Thank you for your time and help.

Lubica Schutova
Slovakia

Everything was amazing including the professional organisation and also the scientific program. It was an honor for me to be a part of your congress and I look forward to the next conference. I will be very gladly if I can attend the next conference.

Maysoon Al Amoud
KSA

Thank you for your great effort in organizing such an important conference. Participating in the conference was a nice enjoyable and useful experience. I wish you the best in your future conferences.
